

## Morsetto

With the support of a large lever clamp, the type you might find in a workshop, this light source has been positioned far from where the lamp is attached to the table, utilising three adjustable arms.

Morsetto is a table lamp that can be positioned, balance and turned, it is also a very lightweight, suspended light.

This cutting-edge, Italian company, consisting of nineteen artistic, talented designers, creates unique, modern and highly sophisticated lighting.

They have been published in twenty-eight books and fifty-eight magazines in Italy. Including: Interni, Elle Decor Italia, Brava Casa, Casa De Abitare. etc.
