

Nimbus Cascade

Satin brass metalwork with handmade glass discs. Satin brass rod with besa box.

This lighting company designs, manufactures and supplies a contemporary range of luxury lighting. The company produces a stock range which is updated every year, and employs a custom department that works directly with architects and designers on bespoke projects.

They are continuously specified by leading designers, including Phillippe Stark and David Collins, and work to an exceptionally high standard as reflected in their client list; projects include Four Seasons Hotel, The Savoy Grill, The Dorchester and Harrod's.

All products are manufactured in the UK to exacting standards, using the finest components.
