

## Maija

Metallic lampshade and circular ceiling rosette finished in matte white or nude rose (Maija 15). Brass structure finished in matte. Diffuser in white translucent glass.

The collection originally designed by Tapiovaara in 1955 now incorporates LED technology, capable of blending functionality and intimacy at the same time.

It has been re-edited in 2 sizes, with 15cm or 30cm diameter discs. With both models, an inner white glass diffuser helps to filter the light. Input
