

HANAMI

Blown glass elements with irregular surfaces, suspended from a ceiling plate to form a dense cloud of reflections and refractions. Immersed in this delicately colored cloud float 4 to 13 elements, made of opaque white glass, hiding the LED sources of light. The spot lights embedded in the ceiling structure are also LED. Five models available, all LEDs are included.

When necessary, reinforce the ceiling.

DETAILS.

FINISHES AVAILABLE IN:

CC - CRYSTAL

AQ - AQUAMARINE

IC - GREY

EL - LIQUID CITRON

METAL FINISH: CL - POLISHED CHROME

7295:
