

ORIGINE OUTDOOR

Origine, from the Latin "origo", start, birth, source.
Made from fiberglass/metal, it is a stem that becomes increasingly thinner.
Designed to illuminate the façades of private buildings as well as internal spaces with purity and personality, Origine sculpts and enhances every environment with its indirect light, which is intentionally non-invasive, graphic and fascinating.
Also available as indoor version.

Design by: Davide Groppi and Giorgio Rava, 2020
