CALIMERO

by Dan Yeffet, 2015

A series of suspensions where the material touches and hugs, but never goes out. Almost like lovers, a crossover between copper and a hand blown glass. It looks towards the future but seduces with the reminiscence of bygone times - a tribute to industrial lamps as well as luminous spheres from the past"

MANUFACTURING TECHNIQUE

Blown Glass

DIMENSIONS

Small Ø 4.7" x H 7" | 1 Kg

Medium Ø 7" x H 8.8" | 1.5 Kg
