

# LUST

Concrete and gold: a compound and a metal that are so different but, expertly combined, become a unique example of elegance and sophistication. A tapered crystal enclosed by gold flakes. The traditional method of glass blowing is the balotòn style for the smallest model and the rigà-menà style for the bigger model. LED is included with lamp.

Design By: Marcel Wanders

If necessary, please reinforce ceiling.

## DETAILS.

GLASS FINISH: CC - CRYSTAL

FINISH: CM - CONCRETE
